The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

6.3.2 Teaching and Learning

The teaching-learning process is made effective with use of ICT based methods. The co-curricular approaches are helping in developing specific skills, team spirit, global perspective and professionalism. The case study method is training the students in analytical skills and troubleshooting. The internet access and *e library* resources are providing a wide array of information for the students and the faculty. The student counseling system for academic, personal and psycho-social issues has been useful in solving students grievances.

6.3.3 Examination and Evaluation

Student's academic performance is monitored regularly through internal tests (formative evaluation) and preparatory exam conducted in each semester to analyse the students understanding of the subject (summative evaluation).

Continuous evaluation of student performance is also done based on the group discussion and seminar presentation

The Case Study and SAP program was introduced by the University for the III Semester for the MBA students, instead of the internship of four weeks, in an organisation.

Self Assessment Tool(SAT) – an inhouse software tool to conduct online MCQ examination for Non-core subjects

6.3.4 Research and Development

Faculty research is encouraged by providing the basic facilities and seed money. Students associate with faculty in research programs and have presented/published research papers in National and International Conference.

Faculty have submitted research projects for funding from Government agencies.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The library has developed e-resources which has resulted in instant access 15000 journals, books and other literature.

An Audi-Visual room in the library premises is helping students for self learning.

6.3.6 Human Resource Management

Self-appraisal system has been introduced for comprehensive self assessment of the faculty.

Student feed back is taken at the end of every semester to improve the teaching methods.

Incentives are given to the faculty for the outstanding achievements.

6.3.7 Faculty and Staff recruitment

Faculty and staff recruitment are done by giving wide publicity and following the reservation policy

6.3.8 Industry Interaction / Collaboration

Faculty and students are in close with the industry by the way of internship, guest lectures, workshops, MDP and consultancy.

6.3.9 Admission of Students

Students admission is on merit basis and equal opportunity is given to students from various places.

“Take up one idea. Make that one idea your life - think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body, be full of that idea, and just leave every other idea alone. This is the way to success, that is way great spiritual giants are produced.”

Best Practices 1:

Title of the Practice

“Book Reading & Review”: An institutional paradigm in brining standards to life.

Goal

Book Reading and Review session is a novel learning experience for students. These sessions gives the students

- An opportunity to go beyond their text books.
- To think critically, and bring a logical flow into their presentations involving both the author’s views on the topic and student’s own analytical thinking on the subject.
- To provide an opportunity for the students to speak out their views in front of an audience thus honing his/her confidence, public speaking skills and interaction with audience.
- To develop the necessary intellectual and emotional energies to anchor life in the right direction

The Context

- The pressing need of higher education institutions is to reinvent themselves and adapt to an integrated approach to education has become essential in order to ensure holistic development and thereby empowerment of all stakeholders of the institution. This approach requires a change in learning sphere with focus on logical reasoning, critical thinking and analytical capabilities.
- ABBS as stated in the Mission “To encourage knowledge synthesis through active faculty student interaction “. stand ahead to provide such learning opportunities not only hone the student’s logical thinking and analytical capabilities but also gives him / her an occasion to speak out his / her views in front of an audience thus boosting the confidence and public speaking skills.

The Practice

- Since 2011, Department of MBA is following this as one of the best practice. Each student in the class read general management books not confined to their academic syllabi. Every week 2hours of Book review session is scheduled in the time table. In this session, students express/discuss their understanding and views related to their reading. Q&A session will be conducted at the end of the session.
- Department of Languages has initiated this practice to shape the individuality of students through study of literary texts. Department select a literary book(s). Students from various UG streams (B.Sc. / BCA /BBA /Become / BA) are asked to read and present their views and remarks on their reading in terms of presentation on the day allotted for book review.
- Department of Computer Science initiated this practice as ‘Digital Reader’ where students of BCA shares the recent development of IT sectors from PC Quest, Digit Reader and Electronics for U magazines. Group discussions are conducted and at the end of the session, student is asked to solve IT-Puzzle related to their discussion.

Evidence of Success

- The students have been able to understand the interdependence of academic and non-academic aspects of their lives as each experience is educative. The judicious blend of curriculum learning and experiential learning has given students the power to develop themselves and enjoy all round internal and external harmony and progress. The students have stated that there has been a remarkable improvement in their thinking and analysing.
- Topics related to emerging technologies like Development of Android Apps, Cloud computing, Computation through Water, Digital IC construction mechanism, Bioinformatics, Micro controllers etc. are discussed in Digital Reader session.
- Department of MBA: In 2011-12, 56 books were reviewed, that increased to 109 in 2012-13, and 120 in 2013-14, 140 in 2014-15, 150 in 2015 – 16 and 180 in 2016-17.

Problems Encountered and Resources Required

Initially to inculcate the habit of reading books, and aids to develop a passion of learning beyond the boundary was a great challenge. Gradually there was a big impact, students have cultivated the habit of regular reading and hence the participations of the students in book review started increasing gradually.

Availability of the books at large number was also a problem in the initial stages, later use of e-resources have minimized this problem.

Resources required: Books, Magazines, newspapers and e-resources.

Best Practices 2:

Title of the Practice : “Entrepreneurship Development” –To create budding entrepreneurs who would generate more employment and wealth

Goal

- Provide details about entrepreneurship and motivate them to plan for a ‘Start-up’.
- To train students in skills required for entrepreneurship.
- To facilitate launching of the business proposition.

The Context

The courses being offered at our institute have potential for entrepreneurship, we are giving students an outlook and training in order to motivate them to start their own business.

The practice

The institution has established E-cell to train students in entrepreneurship. The following approach is made to fulfil the objectives.

1. We conduct workshop and seminars on business opportunities where in experts from industries and Govt. Agency(MSME) participate in the session.
2. Sharing of experience with young entrepreneurs.
3. Writing Business plan and drafting SWOT analysis
4. Setting up an incubation centre.

Problems Encountered:

1. Changing the mind set of students to take up entrepreneurship.
2. Finding enough resources.
3. Identifying the most appropriate business idea.
